

# BREWER'S

EST. **BEST** 1992<sup>®</sup>

There are various scales/methods for measuring the sugar content and density of the beer wort. Plato, Specific Gravity, and Brix are all used in beer, wine, and mead making. Specific Gravity is the most common scale used in homebrewing but you may come across the others as well and this handy chart will help you accurately cross-reference values.

| Plato °P | Specific Gravity | Brix  |
|----------|------------------|-------|
| 0.5      | 1.002            | 0.51  |
| 1.0      | 1.004            | 1.03  |
| 1.5      | 1.006            | 1.54  |
| 2.0      | 1.008            | 2.05  |
| 2.5      | 1.010            | 2.56  |
| 3.0      | 1.012            | 3.07  |
| 3.5      | 1.014            | 3.57  |
| 4.0      | 1.016            | 4.08  |
| 4.5      | 1.018            | 4.58  |
| 5.0      | 1.020            | 5.08  |
| 5.5      | 1.022            | 5.57  |
| 6.0      | 1.024            | 6.07  |
| 6.5      | 1.026            | 6.57  |
| 7.0      | 1.028            | 7.06  |
| 7.5      | 1.030            | 7.55  |
| 8.0      | 1.032            | 8.04  |
| 8.5      | 1.034            | 8.53  |
| 9.0      | 1.036            | 9.01  |
| 9.5      | 1.038            | 9.50  |
| 10.0     | 1.040            | 9.98  |
| 10.5     | 1.042            | 10.46 |
| 11.0     | 1.044            | 10.94 |
| 11.5     | 1.046            | 11.42 |
| 12.0     | 1.048            | 11.90 |
| 12.5     | 1.050            | 12.37 |
| 13.0     | 1.053            | 13.08 |
| 13.5     | 1.055            | 13.55 |
| 14.0     | 1.057            | 14.02 |
| 14.5     | 1.059            | 14.49 |
| 15.0     | 1.061            | 14.96 |
| 15.5     | 1.063            | 15.42 |
| 16.0     | 1.065            | 15.88 |
| 16.5     | 1.068            | 16.57 |
| 17.0     | 1.070            | 17.03 |
| 17.5     | 1.072            | 17.49 |
| 18.0     | 1.074            | 17.95 |
| 18.5     | 1.076            | 18.40 |
| 19.0     | 1.079            | 19.08 |
| 19.5     | 1.081            | 19.53 |
| 20.0     | 1.083            | 19.98 |
| 20.5     | 1.085            | 20.43 |
| 21.0     | 1.087            | 20.88 |
| 21.5     | 1.090            | 21.54 |
